October 21, 2009

Dear Valued Customer,

We have been notified by the Washington State Department of Revenue that Resale Certificates are being replaced by Reseller Permits or ***Farmers' Certificate***. The resale certificate that we have on file for you will no longer be accepted to exempt you from paying sales tax on your farm chemicals as of January 1<sup>st</sup>, 2010 per Senate Bill 6173. We now must have a reseller permit (Issued by the State) or a ***Farmers' Certificate for Wholesale Purchases*** on file effective January 1<sup>st</sup>, 2010.

Attached is the ***Farmers' Certificate*** for Wholesale Purchases and Sales Tax Exemptions form. Please fill this out and return it to our office before Jan. 1<sup>st</sup>, 2010. If we do not receive the form by December 31<sup>st</sup>, 2009 (at which time all existing resale certificates become void), we are obligated to charge you retail sales tax on all of your purchases.

Your ***Farmers' Certificate*** can be mailed, faxed to 509-853-1199, or e-mailed to [kevinh@gslong.com](mailto:kevinh@gslong.com).

For additional information regarding the reseller permits or ***Farmers' Certificate***, you may contact DOR at 1-800-647-7706 or on line at <http://dor.wa.gov/sellerpermit>.

You may also view additional information and necessary forms on our website. Please visit <http://gslong.com>.

We appreciate your business and look forward to serving you.

Sincerely,

GS Long Co. Inc.
